

## *Namaskaram*

Greetings from Bharata Kalanjali.

As we move towards the 50th Year of BK we at BK have been working on further enhancing the training methodology, programming and administrative processes.

I have taken up this activity recently and am looking forward to an artistically fulfilling experiencing.

We have already relieved Akka & Master of a few logistical processes. Quite heartening to see them now, spending much more time with the artistic pursuits of their Shishyas

We would love to share this process with you and seek your understanding of the same.

The December Season is going to be a flurry of activity. Taking this into account, the faculty would like to plan ahead to make sure opportunities to learn, practice and perform are not compromised.

Classes will be facilitated by the Faculty. So, to accommodate you we wish to plan your time with us well in advance.

Should you wish to visit Bharata Kalanjali this December for classes/performances etc, we request you to send a detailed mail with the below mentioned specs to facilitate the scheduling process.

- Purpose of sessions at Bharata Kalanjali
- How many days are you in Chennai? (with tentative dates, if possible)

• How many sessions would you envision in those days?

• What has been your previous learning in Bharata Natyam (in case of new entrants to Bharata Kalanjali)?

Please also attach a recent video clip of your performance (no more than 2 min) for us to have a greater understanding of levels

These details will help us craft the best solutions for your needs, given your short visit here. On knowing your requirements we can also share a tentative fee structure to enable your tour planning. We would really like for you and us to soak in the artistic fervor of the season without last minute stress and confusion.

Looking forward to having you here and having an enriching interaction at Bharata Kalanjali.

Warm Regards,  
Satyajit  
Artistic Director
